## SUMMARY

---

Mid-Level Frontend Developer with expertise in React, Next.js, and TypeScript, specializing in building user-centric, scalable, and data-driven applications for the gambling industry. Experienced in developing key features such as web chat applications, UI implementation, and registration/verification processes integrated with bank verification systems and the mObywatel app. Dedicated to designing, developing, and maintaining large-scale projects for international clients.

## SKILLS

---

React, React-Native, Next.js, TypeScript, JavaScript, Redux, TailwindCSS, ReactQuery, React-Router, Cypress, HTML, CSS, Git, Recoil

## WORK EXPERIENCE

---

### SB SOFTWARE

July 2021 - Present

#### Regular Frontend Developer

Hybrid

- Developed a customer bank verification and registration system using a third-party provider, leveraging SSE, Next.js, and TypeScript
- Implemented a web chat application with private rooms using SSE, Next.js, TypeScript, and Recoil, within a monorepo architecture
- Designed and automated end-to-end tests with Cypress to streamline and enhance the development process
- Integrated gambling products for international clients, including payments, withdrawals, betting actions, and marketing features, utilizing React.js, React Router, Redux, and TypeScript

### IAI S.A

March 2020 - June 2021

#### Junior Frontend Developer

In-Office

- Implemented purchase functionality for individual clients using JavaScript, jQuery, HTML, and LESS
- Developed e-commerce platforms for individual clients utilizing jQuery, XML, JavaScript, HTML, and LESS

### SQUIZ

July 2019 - August 2019

#### Intern Frontend Developer

In-Office

- Implementation of Single Page Application with JavaScript, HTML and LESS

## PROJECTS

---

### Gambling applications - NDA

July 2021 - Present

- Contributed to the development and implementation of multiple features, including the user registration process, bet placement flow, and payment integration using Next.js, TypeScript, Redux
- Designed and executed comprehensive Cypress test cases to ensure functionality and reliability across these platforms.

## ADDITIONAL
